Eastward Trains are superior to Trains of the same class in the opposite direction.

In the operation of the Camas Prairie Railroad employees will be governed by the Operating Department Rules and Regulations of the Northern Pacific Railway. Employees must provide themselves with a copy of the Book of Rules and Regulations of the Operating Department of the Northern Pacific Railway Co. They will also provide themselves with copy of rules and current time table of the Fourth Division of the Oregon-Washington Railroad & Navigation Co. and be governed by same in the use of terminals at Riparia.

Trains 5, 6, 859 and 860 will stop on flag to pick up or let off passengers about one mile east of Central Ferry where ferry crosses the river.

When sand is blowing engineers will run with great care and under control where they cannot see track is clear.

Mountain grade extends between Reubens and Sweetwater. Derails are located as follows: Cottonwood, Vollmer, Craig Junction, Reubens, Nucrag, Culdesac, Bundy, Sweetwater and Fort Lapwai. Except when in use, derails must be left open. All trains will move between Joseph and North Lapwai under telephone block — Westward trains will secure block over telephone from agent North Lapwai and Eastward trains will surrender block to agent North Lapwai by telephone from Joseph. If impossible to raise North Lapwai block may be secured from or surrendered to Dispatcher at Lewiston. Train 344 will take siding at North Lapwai for Train 311.

IMPORTANT—Special attention is called to rules 731 to 737, inclusive, regarding operation on mountain grades between Reubens and Sweetwater.
