Budget reference: In Budget - 1923

Class of Work: No. 14

Joint facility contract reference: ON BY OVRN 7-1-09

Location: Ridgefield

Title and Reason: 6 H.P. Fairmont engine with necessary motor car body, wheels, housing complete for use of section crew. Section 23.

Original section 23 comprises five double track miles main line, headquarters originally at extreme west end of section. This section heretofore equipped with hand car body equipped with four horse power Fairmont gas engine which was furnished by section foreman and has been in service for about ten years, is worn out and should be replaced with modern six horse power Fairmont engine with necessary motor car body, wheels, housing etc. This is recommended as per estimate herewith submitted. This is a very important main line section with crew frequently called for emergency service nights account of being in slide territory and very important that they be properly equipped.

Original Date FEB 1924
