Location: **Seattle, Wn.**

Title and Reason: **Crossing alarm bell and wigwag at Northlake Ave.**

The erection of electric crossing alarm bell and wigwag where Northlake Avenue crosses our main line at Meridian Avenue becomes necessary on account of Northlake Avenue having been paved recently, making it a main thoroughfare connecting the University and Fremont districts. This increased vehicle traffic over the crossing materially, especially at night, making it necessary that protection of some kind be installed at once.
