-----  
The following changes were made in assignment of locomotives during the month of April.

St. Paul Division locomotive No. 1715 was transferred to Lake Superior Division.

Diesel-Electric Motor Car B-18 was transferred from Rocky Mountain to Idaho Division for use temporarily while the B-23 is undergoing shop repairs.

New Diesel-Electric road-switch locomotives Nos. 552, 553 and 554 were received from the builders. The two former locomotives were assigned temporarily to the Rocky Mountain Division and the latter to the Yellowstone Division, but all three locomotives have now been transferred to the Idaho Division where they will be assigned permanently to the Palouse and Lewiston Branch.

Diesel-Electric locomotive No. 770, which was leased from Walla Walla Valley Ry. and assigned Tacoma Division, was taken into South Tacoma Shop for repairs after which it will be returned to that Company.

Total number of locomotives assigned 774.
