Conductors will register at Jamestown, Carrington, Sykeston and Leeds.
 Devil's Lake Branch trains will protect themselves against Main Line trains between Devil's Lake Junction and the Passenger Depot at Jamestown.
 Sykeston Branch trains will protect themselves against Devil's Lake Branch Line trains between "Wye" Switch and Carrington.
 All trains and light engines **must come to a Full Stop** before crossing Soo Line Track, one-half

mile west of Carrington and Great Northern Track, west of Depot at Leeds.
 Before crossing the G. N. Track at Leeds, the Crossing Gate must be properly set and fastened. During storm, fog or darkness a red light must be properly displayed on this gate. A red lantern will be used for this purpose and is to be removed as soon as G. N. Track is clear and gate locked to (clear) position.
 "G. N. Trains will not stop unless gate is set against them."

No. 143 has right of track to Sykeston.

GENERAL RULES.

Study carefully Special and General Rules. Important changes have been made which must be understood alike by all.

Conductors will register as required, and must not pass any registering station which has telegraph service without an order or clearance.

All trains on double track approaching stations at which passenger trains are receiving or discharging passengers must be brought to a FULL STOP with ENGINES OPPOSITE EACH OTHER.

Freight trains authorized to carry passengers, with permits, will be designated by bulletin.

Special care must be exercised when approaching all bluffs where slides are liable to occur, and freight brakemen must be on top of train when approaching and passing all stations and bluffs.

Before passing any station freight engineers must obtain signal from rear of train.

Special attention is called to Rules 128 and 131, which also govern trains at water tanks outside of switches.

Engineers of all irregular trains and delayed regular trains must sound road crossing signal approaching obscure curves, to warn trackmen and others.

All car doors must be kept closed while in trains.

At all stations where there is a local spur or siding, cars must not be left on passing track without special orders.

NOTE.

Surgeons will attend, when called upon officially, to all cases of *accident* occurring to employes or passengers. In cases of *sickness* it is the intention to limit medical service to the locality or town where a surgeon resides; unless some urgent necessity exists, for which distinct official authority must be had in accordance with established regulations.

Railway Officials are required to call on the nearest authorized surgeons whenever practicable, when surgical or medical services are needed. When such are accessible, the Association will not be responsible for bills for medical services rendered by any other physician. In the event of a sudden emergency, arising from accident, if necessary proper surgical aid should be procured until the arrival of a regularly appointed surgeon, when the case should be placed in his charge; and in no case should the services of any but an authorized company surgeon be continued at the expense of the Railway Company or of the Association, after such surgeon is able to assume charge of the case.

Boarding and Nursing are furnished *only at our own hospitals*. We are not responsible for bills incurred elsewhere unless specially authorized or approved by the Chief Surgeon, and then only in critical cases of injury occurring in the discharge of duty.
