

Idaho Division Local Train Brief

**Train:** Nos. 1236 - 1237 4<sup>th</sup> Sub Turnaround Local

Frequency: Daily except Sunday.

Purpose: Performs switching at Union Gap and Parker each direction as directed by Trainmaster. Handles perishables and frozen foods, grain, fertilizer and sugar beets during harvest. Food-packing plants on 4<sup>th</sup> Sub Local have a definite cut-off time on loading in order to insure Local's arrival in Yakima before 11:00 PM, departure time of Train 649.

Traffic Handled: See above.

Schedule: On duty Yakima 8:00 AM.  
(On duty approximately 14 hours per day)

Connection: 1244 – 1245 at Gibbon.  
Train 640 at Yakima.

Terminal Handling: Blocked in station order. Arrives Yakima with perishables on head end.

On-Line  
Performance: Local switching; supplemented during beet harvest by road switcher tying up at Prosser, running to Grandview and return.
