

AUTHORITY FOR EXPENDITURE

E. D. J. 3
For A
(Revised 12-20-06)

For items

Report No. dated

from Form 134

1906.

Comptroller's No. 26

From Lake Superior

Division

Engineering

Department.

For Moose River, 70' D.P.G. on concrete abutments.
Bridge No. 106.

Amount, \$ 10,154.00

REMARKS AND RECOMMENDATIONS.

Present structure is insufficient for present standard of loading, being good only for class "p" power, and the pile bridge approaches require renewal on account of deterioration. It should be replaced by a permanent structure for present standard of loading. Work to be done by Division forces.

Chief Engr., Mech. Dept. or Supr. Telgha.

Second Vice President.

General Manager.
