Title Estimated cost proposed additional living room in the depot, as per and sketch dated December 14th, 1922.

Reason:

The living quarters in the depot, at Ollie, consist of two bed rooms, and a combined kitchen and living room. The agent has four children, so that there is not sufficient room for the family, and, inasmuch as this is an isolated point, where it is difficult to obtain proper accommodations, it is recommended that living room be provided in accordance with the attached sketch and estimate. After the change is made there will be sufficient room in the freight house.
