Title and Reason: **CONSISTING OF BOARD FENCE AROUND ENGINE TERMINALS AT PASCO, WASHINGTON.**

After the Shopmen's strike was called effective July 1st it was deemed advisable to enclose Roundhouse, Car Shops and tracks with a board fence to provide more satisfactory conditions during the emergency. It is believed that a permanent enclosure is justified and will eliminate to a great extent the loss of material and supplies by reason of it being more difficult for Trespassers to secure them and it is recommended that the fence be permanently maintained and that formal authority be authorized for the expenditure.

(Fence constructed by Contractors Grant Smith & Company and completed in September 1922)
