Location: **Miles City.**

Title **Estimated cost proposed feed racks & water facilities at the stock and yards, as per sketch dated December 14th, 1921.**

Reason:
 The stock yard at Miles City is not equipped with feed racks and there is no water supply in the yard except a well and pump which furnishes only a very limited supply insufficient for many of the large shipments of stock from this station.
 Miles City is an important stock shipping point and shippers complain a great deal about the inadequate facilities provided.
 The C&STP stock yards at Miles City were enlarged last year and water and feed racks installed. Stock shipments from Miles City via Northern Pacific have been as follows:
 Year 1918 - 462 cars
 " 1919 - 596 "
 " 1920 - 570 "
 It is recommended that feed racks and water supply be provided as per the attached estimate and blue print.
