# NORTHERN PACIFIC RAILWAY COMPANY.

## PACIFIC DIVISION

### No.17A TIME TABLE

#### TO TAKE EFFECT AT 12:01 P. M.

#### (PACIFIC OR 120th MERIDIAN TIME.)

(One hour slower than Mountain or 105th Meridian Time.)

### SUNDAY, SEPTEMBER 1st, 1901.

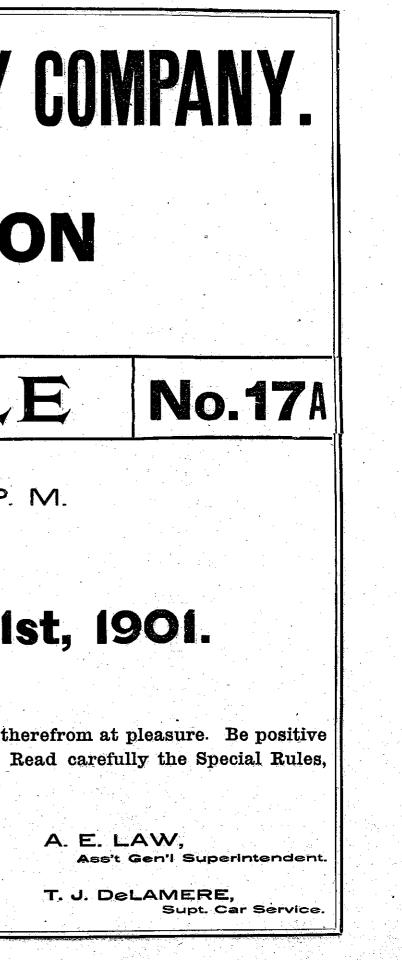

For the government of employes only. The Company reserves the right to vary therefrom at pleasure. Be positive that you have the current Time Table, and destroy all previous numbers. Read carefully the Special Rules, and always have for reference a copy of the TRANSPORTATION RULES.

W. G. PEARCE, Gen'l Manager.

Superintendent.

E. J. PEARSON,

M. C. KIMBERLY, Gen'l Superintendent.

**Registering stations**—Ellensburg, Palmer Jet. and Auburn. At Palmer Jet. trains register by ticket. At Baston and Lester, trains terminating, will register arrival, and departing freights ascending, register whether "all air" or helper on rear.

Bulletin stations-Ellensburg and Auburn. (Lester and Easton are bulletin stations for engineers on helper engines).

Standard clocks-Ellensburg and Lester.

Position of "Wye" switches at Auburn will be ascertained before using.

Speed west bound will not exceed thirty-five (35) miles per hour, Canton to Eagle Gorge, and thirty (30) miles per hour Eagle Gorge to Palmer Junction. First class trains when fifteen (15) minutes or more late, and extra trains running on schedule will observe same precautions in yard limits at Ellensburg, Clealum and Auburn as are required of second and inferior class trains by rule 298F.

Mountain grades, Easton to Weston. When trains of any class by train order or trains of same class by time table, meet at Martin, Stampede or Weston, ascending train will take siding. In tunnel section, between west passing track switch at Martin and east switch at Stampede, (A) West bound trains will not pass Martin or east bound trains Stampede without tunnel clearance, signed by operator, stating that tunnel is clear, and that operators at Martin and Stampede will hold all other trains until train addressed clears tunnel section (B) Flagging is not required. (C) Head and tail lights will be used and tail lights will be used.

Cars will not be set out at Upham or Borup without instructions. These tracks are for use engines only.

No. 1 will cut out helper at west switch at Stampede and No. 2 at east switch at Martin. Switch at Palmer Jct. will be set for the Auburn line. All trains using this switch to and from the Buckley line will run at reduced speed. Bugines must not run on Page Lumber Co.'s spur.

NOTE-No. 4 will back out of Auburn and head through East leg of wye. Nos. 1, 2 and 4 will use passing track at Auburn while transferring. No. 1 will head in east leg of wye at Auburn and back down to Transfer platform. Nos. 1 and 3 will approach first wye switch at Auburn under full control expecting to find Seattle connection turning on wye.

**Registering stations**—Meeker, South Prairie and Palmer Junction. Orting and Crocker are registering stations for trains terminating there. At Meeker and Palmer Junction all trains register by ticket. South Prairie Yard extends to Cascade Junction. Trains will approach Cascade Junction under full control, looking out for branch line trains. Trains will approach Meeker under full control, and will not proceed until tracks are known to be clear and signal is received from switch tender.

NOTE.-Nos. 60, 62 and 64 lose right and class when two (2) hours or more late.

Double track switches at Cascade Junction and South Prairie will be set for east bound track, and cross-over switch at west end of west bound track, near water tank, will be set for passing track. Maximum grades, one mile west of Buckley to Cascade Junction. Trains will keep to the right on double track between Cascade Junction and South Prairie tank.

Registering stations—Black River, Auburn, Meeker, Tacoma and Tacoma Wharf. At Black River, Auburn and Meeker, all trains will register by ticket. No clearance will be issued to trains at any point specified above except when red signal is displayed.

Bulletin stations-Tacoma, Tacoma Wharf, Auburn and Seattle.

West bound trains will leave two registering tickets at Meeker and east bound trains two at Prescott, showing train, time, engine and number of cars. Operator will deliver to engineer registering, tickets of last two preceding trains, which will be authority to use double track between Meeker and Prescott, with respect to time and class of preceding trains.

Standard clocks-Tacoma and Seattle.

Position of junction switches, Black River and Seattle Junctions, will be determined before using. Puyallup Yard extends to Meeker, and Tacoma Yard to Prescott. Trains will keep to the right on double track between Meeker and Tacoma Wharf.

Between Prescott and Tacoma engineer will obtain CARD order at Prescott or Tacoma as authority to use draw bridge line.

All trains will stop before crossing draw bridge between Prescott and Tacoma, will not proceed until draw is known to be closed. Trains will not use draw bridge line west of draw bridge while draw is open.

is open. Trains will approach Meeker and Prescott under full control, and will not proceed until tracks are known to be clear and signal is received from switch tender. Between Tacoma and Meeker, passenger trains must keep at least five minutes apart. Conductors of trains carrying logs, before using double tracks, will carefully inspect loading, and, if insecure, will obtain orders insuring that other trains will not be met while running.

No. 27 will stop at Kent when flagged for overland passengers. On arrival at Auburn No. 11 will head in on wye and turn train. Nos. 7, 11 and 15 will use passing track at Auburn while transferring.

Nos. 7, 27 and 29 will obtain orders at Seattle showing whether or not trains having rights over them have arrived at Black River.

Nos. 5, 8, 9, 10, 12, 17, 18, 22, 23, 25, 27 and 29 stop at West Depot, Puyallup. Nos. 4, 13, 16, 21. 26 and 28 stop at East Depot, Puyallup.

Nos. 19 and 20 stop at both Depots, Puyallup.

NOTE-New station at Auburn is time table station for all trains.

Trains using "Argo Cut-off" between Argo and Seattle must obtain copy of instructions, issued by Seattle Division, governing the use of this track.

Before entering double track at Meeker all trains will be under full control and will not pass switches until tracks are known to be clear, and signal is received from switch tender. Position of Wye switches at Auburn will be ascertained before using.

Conductors and engineers will provide themselves with current time table of C. & P. S. Ry. Co., and of rules governing inter-locking at Seattle. When Nos. 27 and 28 meet at Auburn, No. 28 will take siding.

When Nos. 22 and 23 meet at Sumner, No. 22 will take siding.

Nos. 24 and 28 will use passing track at Auburn while transferring.

trains by Rule 298F.

On arrival at Auburn No. 22 will head in on Wye and turn train. Nos. 4 and 24 will use "Argo cut-off" between Argo and Seattle.

NOTE.-New Station at Auburn is Time Table Station for all trains.

Trains using "Argo Cut-Off" between Argo and Seattle must obtain copy of instructions issued by Seattle Division governing the use of this track.

First-class trains when fifteen (15) minutes or more late, and extra trains running on schedule will ob-serve same precautions in yard limits at Seattle and Auburn as are required of second and inferior class

Speed of trains and engines crossing Grant and Commercial streets and Railroad avenue, Seattle, will be such that stop can be made if track is found obstructed.

#### SPECIAL RULES.

10

Roslyn, Green River, Crocker, Orting, Lake Washington, Belt Line, Mason County Logging Co.'s Spur and Elma Branches will be operated without train orders under the following rules:

Before starting on the branch, register departure, ascertaining from train register that there is no other train on the branch, also location of any car or other obstruction, on the main track. Engineer to be furnished written copy of register showing last departing and arriving train, including information as to cars or other obstructions on main track. On return to main line junction point, register arrival, also register number and exact location of all cars left on main track, and any other obstructions, or defective conditions, known to exist, and number of miles run on branch. Train will not leave main line junction point on branch when there is any other train on branch, except with the required protection against same, conferred by regular train orders. For completion of Dispatcher's record of service, operator at main line junction point will telegraph copy of register, showing departure and arrival, and mileage made on branch. If there is no operator at Junction point, conductor will telegraph this information from next open telegraph office.

W. C. ALBEE, Train Master. I. B. RICHARDS, Ass't Train Master. C. A. MCMASTER, Chief Dispatcher.
