

Idaho Division Local Train Brief

**Train:** Nos. 1234 - 1235 Wheeler Turnaround Local

**Frequency:** Daily except Sunday.

**Purpose:** Performs all local switching between Pasco and Adrian with side trip on Schrag Branch as required. Food-packing plants and potato warehouses have cut off loading times to insure train's arrival at Pasco in ample time to switch and ice perishables for forwarding on eastbound manifest trains.

**Traffic Handled:** Perishables, frozen foods, sugar beets, sugar, grain, fertilizer.

**Schedule:** On duty Pasco 10:30.  
(Usually works nearly 16 hours per day.)

**Connection:** Trains 600 and 610.

**Terminal Handling:** Cars station order departing Pasco; icers in one block, if possible, arriving Pasco for prompt handling to icing dock.

**On-Line Performance:** This train supplemented during beet and potato harvest with road switcher at Wheeler and Turnaround Local Pasco to Connell. Important shippers are U & I Sugar Plant at Wheeler and all potato warehouses and processing plants.
