NPRHA Modeling Committee Annual Report

Dean O'Neill – July 2014

Mission Statement

Enable and energize NP modeling through various efforts, including special runs with manufacturers, assisting manufacturers in their research, and researching and producing our own original kits.

1. 2013-2014 Noteworthy Items:

- A. Developed two new offerings:
 - a. HO Northern Pacific Freight Diesel Locomotive Decals SKU N3203
 - b. HO NP Trailer Styrene Shapes SKU N3202
- B. Facilitated purchase of Rick Leach artwork collection
- C. Assisted several manufacturers with model research

2. Feedback Needed

- A. What is the modeling committee doing right?
- B. What does the modeling committee need to do better?
- C. What is the modeling committee not doing that we should be doing?
- D. How can the modeling committee improve communication with NP modelers?

3. Future ToDo:

- A. Now that we have acquired the Leach artwork, we need to develop offerings based on that asset.
- B. We continue to get requests for very important NP structures for which we can't find drawings. If we can get the drawings, we can produce the model.
