Class of Work: No. 13

Joint facility Contract reference: Not Joint

 The location is _____ on this company's property. To be built/changed/added/deleted/removed
 Location: Seattle, Washington, Freight Station

It is proposed to install equipment in the train dispatcher's office for use in connection with the handling of the main line between Seattle and Ellensburg, and Seattle and Tacoma, Washington. This equipment is required for the purpose of relieving the train dispatcher of the burden and bad effect of wearing head and telephone receiver continuously while on duty, also to facilitate the handling of trains by telephone.
