Budget reference: Item 210

Joint facility contract reference: NOT JOINT ACCOUNT

The location is on this company's property. To secure rights, it will be necessary to acquire the following:

Location: Childs, Montana.
Track increase 1317 feet.
Title: Extending siding 1317 feet.

and

Reason:

The extension of siding is to accommodate longer trains with heavier power to facilitate the through operation of freight trains between Spokane and Missoula. The extension above proposed will provide a siding of one mile instead of 5000 feet, recommended in my RPA #106 of November 10th, 1925.

With the lengthened sidings at various points between Spokane and Paradise our eastbound tonnage will be between 80 and 90 car trains.
