|                                                            | Operating Expenses | Profit and Loss | Net Operating Expenses | Net Profit and Loss |
|------------------------------------------------------------|--------------------|-----------------|------------------------|---------------------|
| Cost of property retired                                   | 55.                |                 | 61.                    |                     |
| Value of salvage                                           | 5.                 |                 | 397.                   |                     |
| Incidental costs                                           |                    |                 |                        | 458.                |
| Total to Operating Expenses                                |                    |                 |                        |                     |
| Total to Profit and Loss                                   |                    |                 |                        | 5.                  |
| To Material and Supplies                                   |                    |                 |                        |                     |
| To Bills for Collection                                    |                    |                 |                        |                     |
| To Other Accounts                                          |                    |                 |                        | 6880.               |
| Net charge to investment account—Additions and Betterments |                    |                 |                        | 6345.               |
| Total of distribution                                      |                    |                 |                        |                     |

Budget reference: Item 210

Joint facility contract reference: NOT JOINT ACCOUNT

The location is on this company's property. To secure rights, it will be necessary

Location: Lignite, Idaho.  
Track increase 1194 feet  
1194 ft. extension of siding. 5.80 ft extension of siding

Reason: The use of heavier power between Missoula and Spokane permits the use of longer freight trains. In order to accommodate trains of 99 cars with engines, it is necessary that sidings be extended to a total length of 5280 feet.

Location changed from Lignite, Idaho to Algoma, Idaho

Checked and Entered  
President's Office

Work to be done by company force under charge of Superintendent.

Accounting to be done by Division Accountant.
