Cost at Original Cost: $2,995.00

Original Cost Adjustment: $15.00

Made by:

Made in: JULY 1926

Net charge to investment account: Additions and Betterments.

Total of distribution: $2,985.00

Item 102

Net Joint Account

Joint facility contract reference: None

Title: Jud - near (Streater Branch MF 124 + 4649)

Proposed 48" corrugated iron pipe

Reason: The three lines of 18" concrete tile pipe (not reinforced) under the embankment at MF 124 + 4649 are crooked and badly broken down. Embankment has caved to some extent from wash during the past year. It will be necessary to replace this pipe during the Winter and before the Spring runoff in order to protect the embankment. The pipes are under a 24' fill and it is proposed to place one line of 48" corrugated pipe jacking the pipe through the embankment in accordance with detail plan Bridge Department #43001, dated December 30, 1925. Immediate authority is requested for this improvement.
