The location is in this company's property. To secure rights, it will be necessary

Location: Alfred - near (Streeter Branch MP 125 + 3974)

Title: Proposed 48" corrugated iron pipe

Reason:

The three lines of 24" vitrified tile pipe under the embankment at MP 125 + 3974 are cracked and badly broken down. Embankment has caved to some extent from wash during the past year. It will be necessary to replace this pipe before the Spring runoff in order to protect the embankment. The pipes are under a 24' fill and it is proposed to place one line of 48" corrugated pipe, jacking the pipe through the embankment in accordance with detail plan Bridge Department #43001, dated December 30th, 1925. Immediate authority is requested for this improvements.
