Location: **Fargo, North Dakota**  
Title and Reason: **Power Drilling Machine for Signal Department**

**This machine to be used in connection with steel relays: Similar machines now in use show that one man with a drilling machine can do the work of four men using hand drills. Considerable saving is also effected in the use of drill bits and the item of overtime closing up at night is also reduced. These savings will pay for the machine in one season's work. Requisition for machine was placed October 10th, 1925 and has been received.**
