Total Operating Expenses

Total of all expenses:

Net Charge to investment account—Additions and Betterments

Total of distribution

Budget reference: Item No. 11-0. Budget 1927

Division Superintendents Officers: None

The Location is — on the company's property. To secure rights, it will be necessary to do nothing.

Location: Near Hebron, North Dakota, Bridge 73 over Knife River

Title: Reinforce 1 Beam Span

Reason: The present structure consists of two 36 foot I beam and one 26 foot I Beam Span, 36 feet long and 12 feet high on concrete and cylinder pier, built in 1906. It was designed for 146 ton loading and is too light for the heavy type of power. It is proposed to place three additional I Beams in each span and make it good for 286
