Title: Removal of 24" Concrete Pipe. at track 18

and

Reason: When the Cowiche Fruit Growers Association constructed their warehouse at Cowiche, it was necessary to remove three lengths of 24" concrete pipe in excavating for their basement. This pipe line extended under the passing track, and after the construction of the building, it was unnecessary to maintain this pipe line, and the balance of the pipe was removed by company forces for use elsewhere. It is recommended that the removal of this pipe line be formally authorized in order that proper record of the transaction may be made.

(Completed January, 1927.)
