Title: Relay light rail in middle yard tracks 13, 16, 17 and 18.

Reason: These tracks are now laid with 56, 60 and a small amount of 66# rail which is badly worn and surface bent. The mechanical wear on ties under the heavy power and traffic operated is severe, with a resulting unusually heavy maintenance expense.

It is recommended that this light rail be relaid with 3/B/85# rail according to secondary track relay program for 1928. Relay will consist of 6948 feet of track with three turnouts.
