Class of Work: No. 14 ✓

Joint facility contract reference: Not Joint Account

The location is on this company's property. To secure rights, it will be necessary

Location: System

Title and Reason: Miscellaneous ~~Small~~ Track Tools

Reason: In handling main and branch line relay work our practice heretofore has been to equip extra gangs for each Division, doing all of the work by labor which is expensive. This RFA contemplates the purchase of new tools to equip one extra gang for handling relay work. ~~on the System~~. It is conservatively estimated that this equipment will afford a saving of 20% in labor and at the same time enable the field forces to do uniform and higher grade work, also permitting the carrying out of relay work with considerable less camp and small tool equipment. It is proposed to equip the crew at once starting work on the Rocky Mountain Division moving to other Divisions as work is completed. In order to have the tools available for this seasons work, immediate authority is requested for this expenditure.

Work to be done by company force under charge of contract Purchase

Accounting to concentrate in the office of Divn. Accountant, Engineering Dept.
