Title: Removal of portion of Naco siding  
and Track decrease 1502 ft.

Reason:

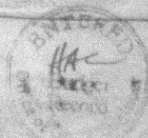

At Naco on the Buckley Line we have a siding 2649 feet in length. There is comparatively little shipping from this track and no need for this full amount of track. It is therefore recommended that 1502 feet of rail be taken up from the west end of this track, leaving 1147 feet of track which is sufficient to take care of the business in that vicinity.

Blueprint and estimate furnished by Engineering Department are attached.

Work to be done by company force under charge of Superintendent

Accounting to concentrate in the office of Division Accountant
