Month **APR** 1931

The location is **Pasco, Washington**
on this company's property. To secure rights, it will be necessary

Location: **Pasco, Washington**
Title: **Riprap Around Piers of Columbia River Bridge.**

Reason: Inspection of the piers under Bridge #1, Columbia River, during the Fall of 1926 indicated additional riprap necessary for protection of piers--300 cubic yards were authorized on Form 134 and covered by AFE 701-27. The riprap was not placed until the Fall of 1928, when further inspection by the Engineering Department developed the necessity for a greater yardage than that authorized. After a very close inspection, it was found necessary to provide a total of 1400 yards, or 1100 yards in addition to that authorized under AFE 701-27.

(Work in progress under authority of General Manager under date of January 9th, 1929.)

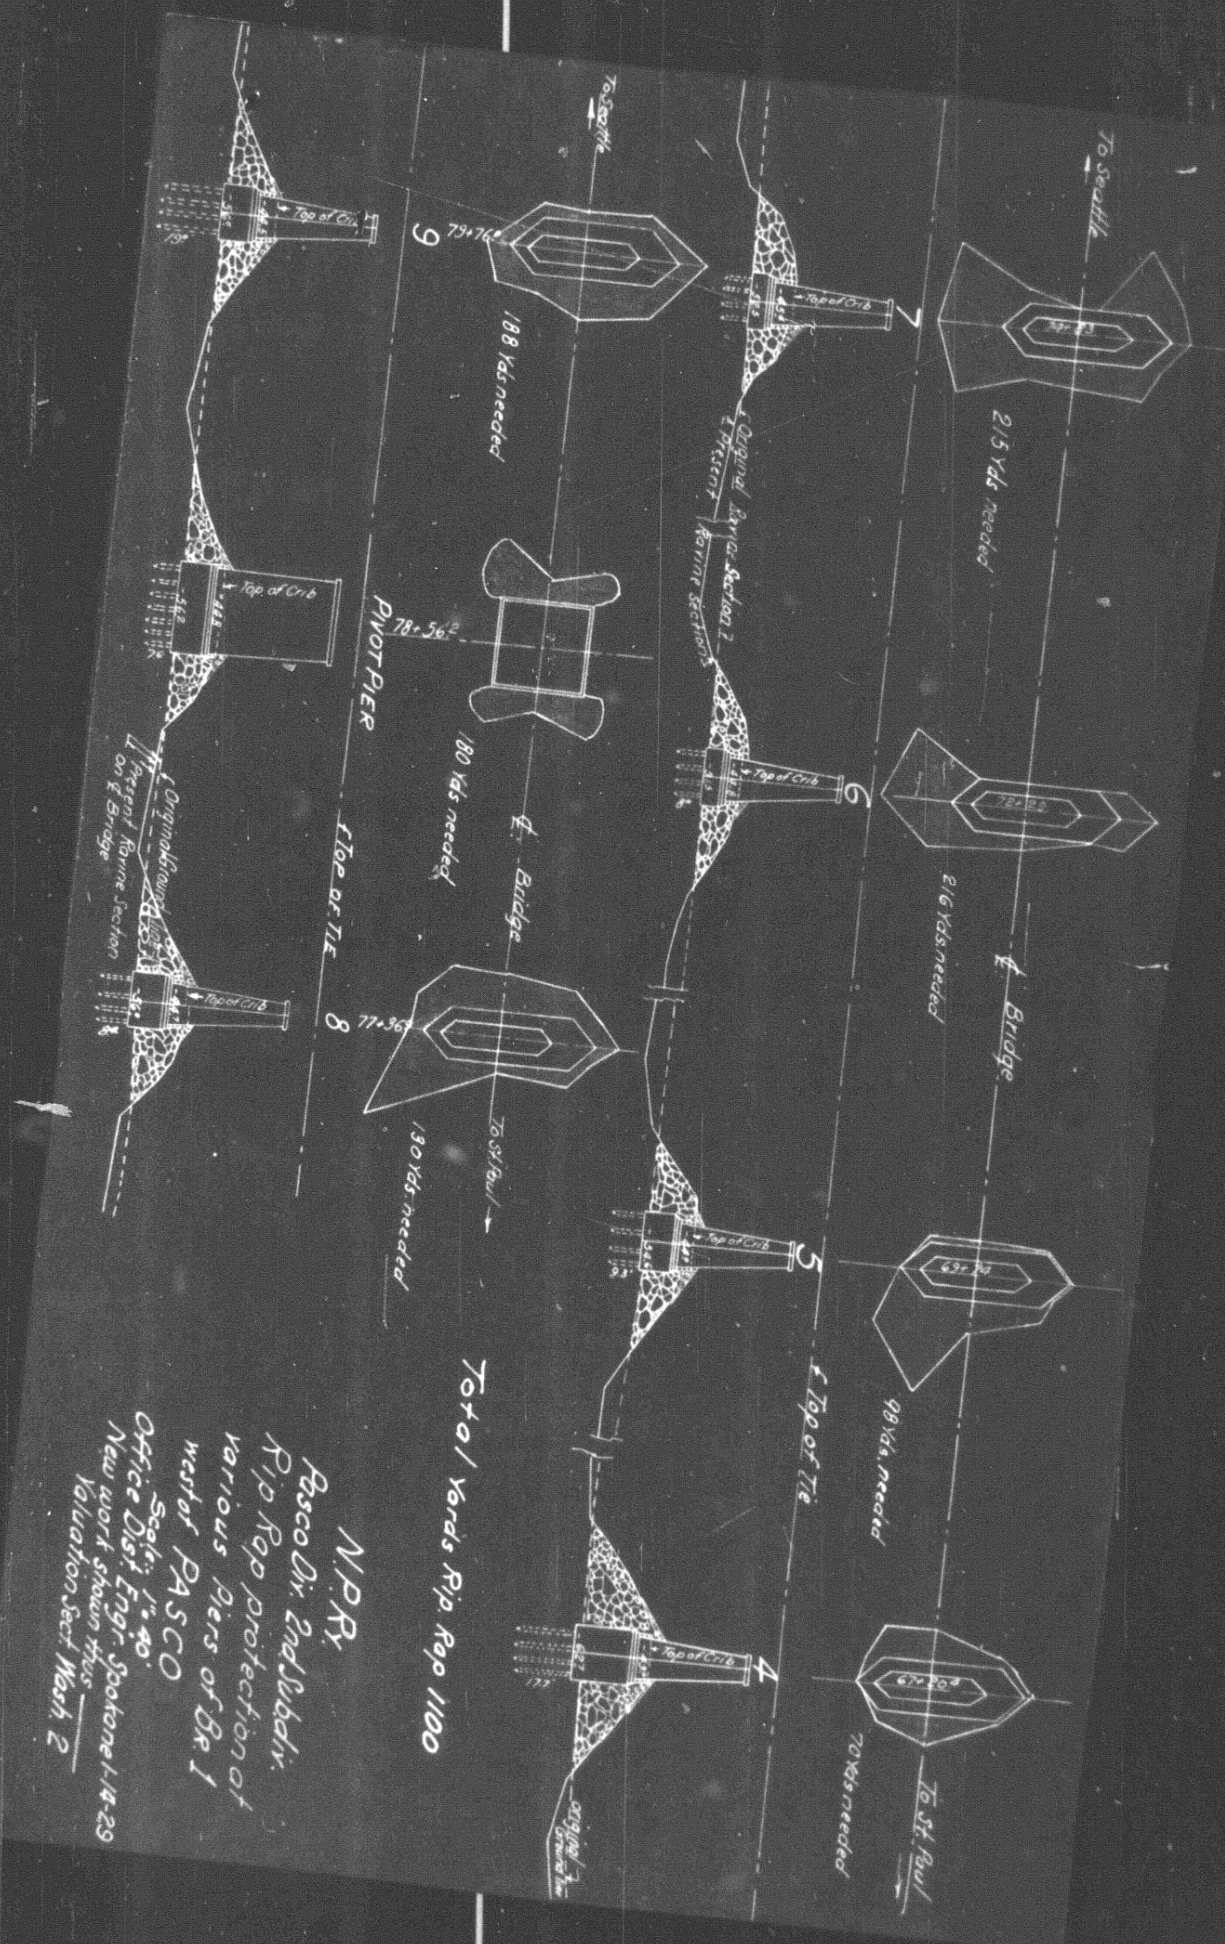

Work to be done by ~~company~~ **contract** forces under charge of Superintendent
Accounting to concentrate in the office of Division Accountant
