The location is on this company's property. To secure rights, it will be necessary

Location: Seattle Division

Title: Ingersoll Rand Paving Breaker Complete

Reason: On account of the large number of jobs showing up where it was necessary to cut through concrete, it was considered advisable in the Spring of 1928 that the Seattle Division be furnished with a paving breaker. Accordingly on May 9, 1928 requisition No. 515 was prepared for an Ingersoll Rand Paving Breaker complete at a cost of \$214.00, which was approved and machine furnished. Since its receipt this machine has been used in renewing turntables, renewing sidewalls of engine pits in roundhouses and various other small jobs, on some of which it would have been necessary to rent a breaker had a company machine not been available. It is estimated that the breaker received on requisition No. 515 has already saved more than its cost as this machine with one man will do as much work as four men using hand method in same length of time. This NFA is prepared to cover equipment already ordered and received and was included in 1928 Budget under item No. 294

COMPLETED purchase

Work done by ~~contract~~ under charge of Divn. Superintendent at Seattle, Wn

Accounting to concentrate in the office of Divn. Accountant at Seattle, Wn.
