Title: One Car Side Unloading Platform - -

Reason: We have an end unloading ramp at end of turntable track but as many tractors, etc., are being loaded in box cars we should have a side unloading platform to facilitate unloading.

While these shipments to Lisbon alone justify the expenditure for side unloading platform there is also the fact that this territory is competitive with the Soo Line.

A one-car platform constructed of timber bulkhead with earth and cinder fill is recommended.

Work to be done by company force under charge of ~~XXXXX~~ Superintendent.

Accounting to concentrate in the office of Division Accountant, Fargo Div.
