Title: Install Louvres on Coal Dock.--

Reason: As an experiment gratings were placed on three pockets of coal dock to permit frozen or banked coal being loosened with bars from the outside avoiding the hazardous practice of men going down inside the pockets to break coal loose.

This arrangement has proven satisfactory and it is now proposed to similarly equip the remaining pocket. This AFE is also to account for work completed.

Work to be done by company force under charge of

Superintendent.

Accounting to concentrate in the office of

Division Accountant.
