Title: **Addition to Berry Packing Shed.**

and

Reason: **Under AFE 614 of 1928 a berry packing shed 40' x 150' was constructed to handle the berries for the United Fruit Growers Cooperative Association. The past season has demonstrated the fact that the packing shed is too small to handle the crop without incurring extra expense in handling the berries. It is therefore recommended that an addition 30' x 150' be made to the packing shed on the basis of the railway company bearing the entire cost as outlined in blue print and estimate furnished by the Engineering Department.**

The cost of this work will be added to the values upon which the Association will pay a rental equal to six per cent per annum on the cost.

Work to be done by company force under charge of **Superintendent**

Accounting to concentrate in the office of **Division Accountant.**
