Title: Filling bridge 12 on two lines of 36" R.C.P.
and
Reason:

This bridge was part of the line taken over in connection with the Elma Branch Extension and is in such shape that the piles will have to be re-driven in 1929, therefore consideration has been given to the filling of the bridge and it is found that a comparison of the cost justifies filling rather than repairing the bridge, therefore filling is recommended in accordance with estimate and blue print furnished by the Engineering Department.
