Title: Provide Potato Loading Platform and Driveway.  
and

Reason: There is a very heavy tonnage of hay and potatoes in the vicinity of Holmes, which territory is competitive with the C&NWP, and in order to secure a reasonable proportion of this tonnage, it is necessary that additional facilities be provided at this station to accommodate the shippers, as our competitor has spared no expense to provide modern facilities on that line. It is recommended that a potato loading platform be constructed and a driveway provided to serve that platform in accordance with the attached sketch and estimate.
