STATE OF MINNESOTA
VALUATION SECTION 2 C
MILLER BRANCH

PRE-INVENTORY INFORMATION.
GENERAL OUTLINE AND HISTORY OF THE WORK.

This is a single track branch line running from Groningen (formerly Miller) to the stone quarries at Banning.

Was built by the St. Paul and Duluth Railroad Company from July 1891 to June 1892. See Corporate History.

It is not known by what forces the construction work was done.

The line crosses a rolling country which was well covered with timber at time of original construction.

The subsidence of the roadbed will be developed at the time of Government inventory.

A list of items in abandoned roadbed is included in the inventory and itemized separately.
