* If any freight is prepaid by the exporter and not charged, or is allowed to be deducted by the importer on settlement, a statement must be made on this invoice indicating whether or not the practice is consistent with the exporter's domestic market freight policy.

The following is the full form, combining the Certificate of Value (M) and of Origin (A), prescribed to be written, printed or stamped on Invoices of Articles for entry in Canada, under the Most Favoured Nation Tariff when the goods have been sold by the exporter prior to importation. In cases where the vendor does not reside in the country of export or for other reasons the vendor is unable to sign the certificate both as to value and origin, a separate certificate of origin in prescribed form signed by the exporter in the country of export, bearing a full description of the goods and the marks and numbers of the packages, so that it may be identified with the shipment, will be accepted.
