Agent, Yardmaster (or Conductor at Non-Agency Stations) will make this report in triplicate for all freight trains, including manifest trains at originating point, and at all division and district terminals. Indicate with an "X" in first column, for the information of the operator following classes of cars which are the only cars to be wired unless special instructions are given by General Superintendent of Transportation.

TO BE WIRED
- (X) Stock for which shipment number is not shown;
- (X) Manifest loads being handled in non-manifest trains;
- (X) Empty foreign refrigerators; and
- (X) Such cars as may be specially directed by the General Superintendent of Transportation.

Enter car numbers by last figure of number in corresponding square. Mail all copies, Original to the General Superintendent of Transportation, Duplicate to the Division Superintendent, after being telegraphed, Triplicate being retained by Agent as Record of Cars Forwarded.
